U.S. KIDSGOLF
2023 Equipment Catalog

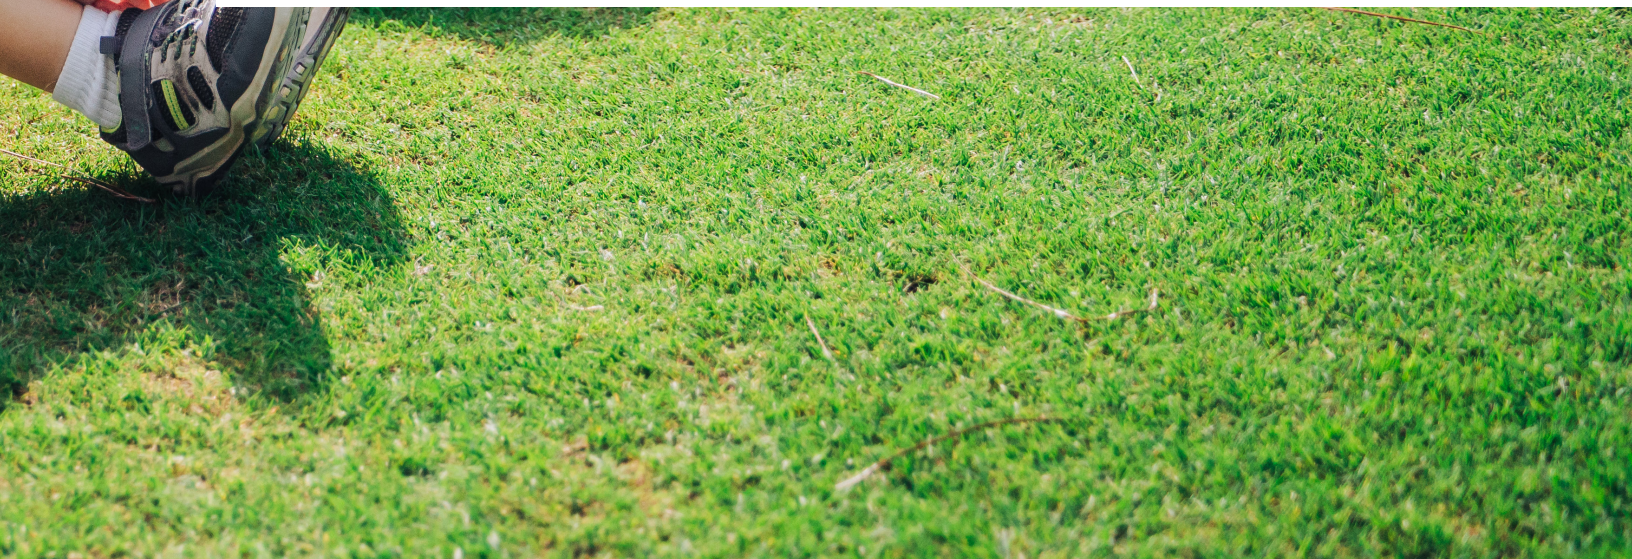

FOCUS.

Players receiving their Player Pathway pins at the U.S. Kids Golf Academy in Southern Pines, North Carolina.

For 25 years, we have led the world in kids and family golf because of our commitment to design, quality, and an unwavering focus on making the best equipment for kids. Four unique systems designed for getting started in golf moving the player to the elite level.

BEGINNER

BEGINNER TO INTERMEDIATE

INTERMEDIATE TO ADVANCED

TOURSERIES

ELITE

It all starts on the green!

This 18-inch putter is the ideal gift for the youngest golfer, giving them a great start in learning to love the game.

All clubs available in right hand only

Available in **pink** or **blue**

Convenient gift box

Training/Yard Club with Training Grip

All clubs available in right and left hand

Why choose Yard Club?

The perfect choice to get started or further develop your swing, Yard Club is the mandatory first club beginning players are given when attending a U.S. Kids Golf Academy.

With a molded grip that teaches proper hand placement, oversized head with a pitching wedge loft that helps get the ball in the air, and a flexible lightweight shaft that helps develop a proper swing, Yard Club can make learning easier and more fun. Use in the yard or when training with real golf balls at the range or golf course.

Molded training grips transition at player height 54"

Additional Yard Balls sold in dozen packs.

UL ULTRALIGHT

PLAYER LEVEL

Beginner to Intermediate

All clubs available in right and left hand

DRIVER

Lightweight alloy allows us to produce an oversized driver with a larger hitting area for increased distance and added forgiveness.

FAIRWAY WOODS / HYBRIDS

Low center of gravity in the club's design provides higher launch and less spin.

SAND WEDGE

This club features 56° of loft with 12° of bounce and 2-star grind, allowing the club to be versatile in a variety of sand and turf conditions.

LONGLEAF PUTTER

This classic-style putter features a polymer insert for better feel and an offset shaft for better alignment.

IRONS

A wide sole and increased toe and heel weighting helps launch the ball in the air and offers more forgiveness on off-center shots.

GRIPS

Each grip increases in size and weight to better fit the player's hands as they grow.

PURCHASE OPTIONS

Ultralight offers multiple set configurations and bag options to fit various needs.

SHAFT TECHNOLOGY

Frequency matched and spined shafts provide consistent performance throughout the system.

Loft and Head Weight

16° / 420cc TS3 51 (w15)

14° / 440cc TS3 54 & 57 (w10)

12° / 460cc TS3 60, 63, & 66 (w5)

6-4 titanium with black PVD finish.

Optimized MOI produces more forgiveness and a larger sweet-spot than prior generation.

Center of gravity refined over prior generation for a tighter, wind-piercing trajectory.

3-WOOD/HYBRIDS

Designed with a repositioned Center of Gravity to increase forgiveness and create optimal launch

Thin crown and face design generates maximum ball speed

ENGINEERED USING TRACKMAN
GOLF

IRONS

Perimeter weighted heads provide increased forgiveness

Lower and deeper Center of Gravity provides optimal launch and spin

TOUR SERIES

Wedges

SPIN

Our new Spin-Tech technology applies milling to the entire face, maximizing spin from all turf conditions for all face impact locations.

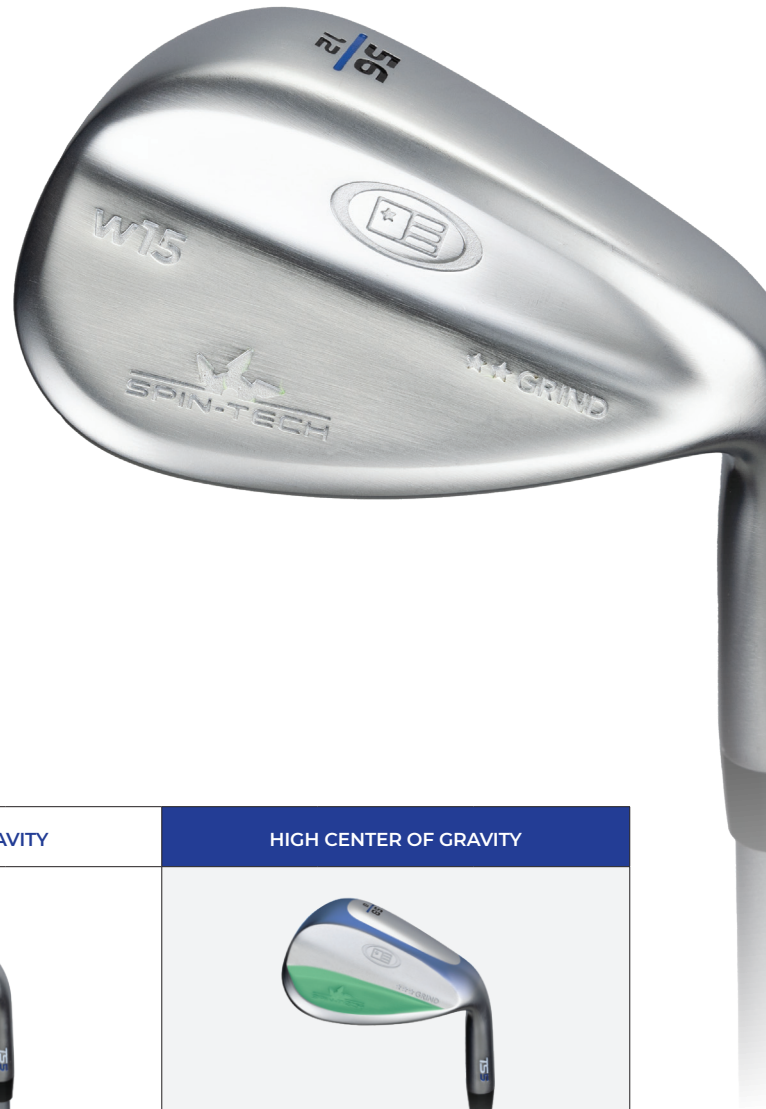

PAD

A unique PAD (Path Adjustment Distribution) system ensures the proper trajectory, flight, and landing angle, regardless of wedge hit, by re-positioning the center of gravity to better match the loft of each club.

PAD system highlighted in green.

GRIND

Three unique grinds specially engineered for each loft ensures unmatched club performance and turf interaction. *GRIND system highlighted in blue.*

LOW CENTER OF GRAVITY			MID CENTER OF GRAVITY			HIGH CENTER OF GRAVITY		
LOFT	BOUNCE	GRIND	LOFT	BOUNCE	GRIND	LOFT	BOUNCE	GRIND

Putters

DISTANCE  DIRECTION

Dial in your *DISTANCE* and *DIRECTION* with the new DD1 and DD2 putters. Featuring deep milled faces, tour proven designs, anti-glare satin finishes, and improved weighting for unmatched speed and distance control.

DD1

Blade | Anser-style Plumber's Neck

Head Weight: 365g

Toe Hang: 3/4

Loft: 3°

Lie: 70°

Best for moderate arc putting style

DD2

Mallet | Half-Moon Plumber's Neck

Head Weight: 375g

Toe Hang: 1/2

Loft: 3°

Lie: 70°

Best for slight arc putting style

Putter Grips

Oversized putter grips encourage putting accuracy by lessening wrist impact. These grips feature a tacky polyurethane outer layer, providing comfort and increased feel.

Slim Oversize

Mid Oversize

with customizable shaft
and length options!*

The epTOUR Driver head uses variable thickness cup face technology for the fastest allowable USGA/R&A ball speeds across the entire face. By utilizing an ultra-strength carbon fiber crown, we have produced our most forward and lowest driver center-of-gravity to date producing the spin and trajectory elite players demand.

Headweight Adjustability

- STOCK HEADWEIGHT 192G

ep PUTTERS

Elite level putters, for elite level players. epTOUR putters feature 100% CNC Milled carbon steel heads providing the ultimate feel for the most demanding players. With deep milled faces, the ball begins and stays on line.

Featuring multiple head shapes, hosels and adjustable weighting, epTOUR putters ensure you are always dialed in on speed, distance, and direction regardless of the course setup and green conditions you are playing that day.

Pouch, wrench, and weights
(2x 20g) included with purchase.

Grip & Shaft Configurations

Midsized, tacky rubber grips provide the perfect combination of a comfortable feel and responsive feedback, while still helping to minimize wrist impact during the stroke. Show off your style in 3 unique colorways! Grips are available in 3 sizes, 51/54, 57/60, and 63/66.

ULTRALIGHT
for WOMEN

Designed especially for women.

All clubs available in right hand only

The same technology that we developed to fit young players into the perfect clubs is also available for women. These clubs are designed to help develop their swing speed and hit the ball farther, higher, and straighter. Each clubhead is 10% lighter than other women's clubheads with a proprietary graphite shaft that makes swinging the club easier.

XL	11-12	18 cm

The Best Balls for Your Player. The Best Price for You.

When it comes to golf balls, slower swing speeds don't meet the compression requirements of most balls on the market. dvs balls have been rigorously tested for durability, stability, and performance. This ball will help any player with a swing speed under 90 mph gain distance and control, adding enjoyment and confidence in their game. Please see our comparison with the market-leading ball in the chart below.

Comparison Data - Market-leading Ball

Using robot testing at **Golf Laboratories, Inc.**, we compared the performance of our newly designed ball with the golf market's leading ball.

Driver (tested at 90mph swing speed)

Golf Ball	Launch Angle	Spin	Carry	Landing Angle	Estimated Rollout	Estimated Total
dvs by U.S. Kids Golf	14.0°	2459	211.6 yds	40.5°	19.5 yds	231.1 yds
Market Leading Ball	14.0°	2750	210.7 yds	40.4°	18.3 yds	229 yds

7-iron (tested at 60mph swing speed)

Golf Ball	Launch Angle	Spin	Carry	Landing Angle	Estimated Rollout	Estimated Total
dvs by U.S. Kids Golf	21.4°	4269	101.5 yds	36.6°	16.4 yds	117.9 yds
Market Leading Ball	20.6°	4896	99.0 yds	35.3°	15.7 yds	114.7 yds
